There is a strange tower in the north of Nova Odessa. A tower filled with demons and ghosts. The tower is haunted. People say the demons are after the people who live near the tower. They say the tower will destroy their lives if it's not taken down soon. Your quest is to destroy the demons in the tower. You must defeat the 5 bosses in the tower to beat the game. The more of the bosses you beat the more souls you will earn. The souls are a reward for beating the bosses. You can use the souls to purchase items to give you an advantage in the game. You must defeat each of the bosses in turn to win the game. Each boss has its own unique way of attacking you. You will not be facing the same boss twice. So make sure to upgrade your weapons and spells to defeat the boss. The chests on the levels are a good place to upgrade your gear. Use the souls you earn to upgrade your gear. The tower is filled with different levels. So make sure to explore different levels to find the most upgrades. You'll get attacked by different types of demons in the tower. Be aware of the different types of demons and dodge their attacks. Most of the demons are weak against your melee weapons. The bosses are your biggest problem in the tower. When you first arrive in the tower you will start with a shotgun. The shotgun is good for taking down demons quickly. But you will have to find a better weapon later. You will also encounter different types of ghost on different levels. They attack very fast and will give you a lot of trouble. There is a fast-paced combat system in the tower. The map and game difficulty can be customized as you wish. You will progress in this game at your own pace. Gameplay: Powered by Unreal Engine 4, Brotherhood United includes 5 weapon types and 2 vehicles. Players can decide which kind of gun and vehicle they want to use. Combat tactics are essential. Players will learn different ways to shoot to defeat bosses, such as the oldschool, hammer right or grenade. The game plays like the game Metal Slug. Weapons include: Mines Grenades Pistols Machine Guns Cannons Rocket Launchers Shotguns Laser Silencers The most powerful weapon is the axe The cover system will provide players with a shelter for extra protection. Every weapon has its own score and items will be available at the end of the level. More items can be earned by killing enemies and destroying equipment, and more experience will unlock new options. An in-game map shows players where they need to go to complete each level. Weapons can be unlocked by completing subquests. There is also a score tracker that will help players compare their results with others. Players will learn that reaching a high score isn't enough, as they can always play again and try to get a better score. Singleplayer: There are different paths with different subquests that will help players reach the goal of rescuing their friend. Another challenge will be to complete the hard mode of all levels. Bosses will be added as more levels are unlocked. Playing online is possible and has 2 modes to offer: the classic mode will offer 2 player in coop mode, the competitive mode will offer 1 player against 1 player. Getting one-up against other players is a great feeling. Multiplayer: Brotherhood United offers a offline multi-player mode, and also a co-op mode. In co-op mode, two players will be able to play the same level together and help each other. This is very helpful during the harder level. The competitive mode offers 1 player against 1 player or 2 players against 2 players, giving more fun and challenge to fight. The multiplayer mode offers more than 20 different maps, each with different subquests. Players will be able to customize their weapons and items, being able to choose from hundreds of different options. Players will be able to customize their weapons, being able to choose from hundreds of different options. Steam Card: Brotherhood United includes more than 100 Steam Cards, which will increase your score on the score tracker. Each Steam Card will offer different items like new weapons, skins,
