The next steps are to install it, to download the server or desktop version of Revit 2010. Select the installation option as to how to start the installation and then click Next button. Read the info that is shown on the screen and then choose where the installed application will be located. Go to the appropriate folder and click Next button. Revit 2010 will also create shortcuts that will allow you to start the application with the appropriate file from the start menu (Windows) or the Applications from the folder (Mac OSX). Once the setup is complete, click Finish button to start installing Revit 2010. After installing Revit 2010, you can start the software by double-clicking on the icon from the start menu, or by selecting from the Applications from the folder. NOTE: After the start, you will get the access to the "Welcome" screen in which you can see the tabs of the application as follows: Sharing (open link in new tab) - this feature allows you to share all your design project with your clients, colleagues, or other people that you want to share it with. Architecture (open link in new tab) - this feature allows you to view and manage the project by working on different views of the project. You can use the detailed drawing view for managing your drawings. Outlining (open link in new tab) - this feature allows you to draw the components of your project by placing them in the workspace. Tags (open link in new tab) - this feature allows you to add the tags to the project or component and then manage them later. Units (open link in new tab) - this feature allows you to manage the units that are used in the project or component and then use the right units for the project. Design from Model (open link in new tab) - this feature allows you to start working on the project from a 3D model of the project. a pet. When he hit a remote field, he'd create sanctuary for himself and give the coming year a sense of magic. He loved to be in his time machine. He felt there were other things in the universe that were inexorable in time. Things, in fact, that were true. Things he would remember, and he'd remember to tell us about someday. "I should've loved you more," he told me one day. "You did," I said. " 6d1f23a050
